HOBBIES

I'm also a passionate cook and sometimes, I blog as well.

Ashwini Munji

Senior Interior Designer | [Portfolio](#)

PROFILE

Hello, I'm Ashwini Munji. I'm a designer currently residing in the Bay Area with an experience of over 4 years in the Design Industry. I'm a versatile designer specialized in Residential, Commercial and Hospitality design. Backed by an excellent work ethic and an undying passion for design I'm a great asset to any team. I'm also skilled in 2D drafting, 3D Renderings, and Adobe Suite.

EXPERIENCE

2016-
Present

Senior Designer:

- Currently designing the interiors for an 1800 SqFt Residential Villa located in Anantapur, Andhra Pradesh, India. Responsible for the conceptual design, Space Planning, Kitchen design, Furniture Details, Wall finishes and textures, 3D Sketches and CAD drawings.
- Principal design consultant for an apartment in Delhi, India. Closely worked with contractors and carpenters to design and build custom furniture for the client. Also worked on 3D renders and wall finishes.
- Worked on a few graphic design projects. (1) Was the principal designer for *Kitchen on 16 Wheels*, Asia's Longest food truck that opened in Hyderabad. (2) Worked on a conceptual project to redesign the UI design for a popular application. (3) I'm also currently working on developing the front-end for a website application.
- Worked on various small-scale residential projects, Mostly designing the space and furniture layouts for clients. Suggesting materials and wall finishes and textures.

2014-
2016

Junior Designer:

My first working experience working in the field for an architecture firm Form & Space, handling various projects and working directly under a senior architect. Under the guidance, I worked on (1) Commercial design projects designing stores for a leading furniture brand and Retail stores for a cloth supplier chain. (2) Furniture Layouts for a leading Multi-Specialty Hospital. (3) Residential projects of varying scales, working on presentation drawings, 3D renderings, furniture detailing, costing and expense sheets, AutoCAD etc. I also frequently accompanied the architect on site visits.

2013

Intern:

During my undergrad, I landed an internship at IIT-Bombay under the guidance of Professor Vijay Bapat and worked on simple product design, designing prototypes for a standard stapler. Working out of my comfort zone enhanced my perspective of design and made me extremely detail-oriented.
